

# RKS - II ROTARY KNIFE SHARPENER

The **SIMMONS RKS-II ROTARY KNIFE SHARPENER** is specially designed for circular blades up to 18" (460 mm) in diameter. The **RKS - II** is efficient and simple to operate and hones a razor-sharp edge in the exact, true radial center of the blade and does not anneal the edge of the blade caused by overheating.

The **RKS-II** sharpens circular blades from 4 1/2" to 18" (115-460 mm) diameter with a 4-16 degree bevel range per side. Circular blades from 3" to 4 1/4" (10-110 mm) in diameter can be sharpened with a single-bevel at angles up to 40 degrees by the use of a single-bevel sharpening attachment which is included with the machine.

## Features:

- Grinding with Adjustable Platform for Notching Blades
- Simple to Operate
- Single & Double Bevel Sharpening
- Bevel Gauge for Easy & Accurate Selection
- Adaptors for Blades of Various Bore Sizes
- Powered by 1/2 HP Motor
